

Description

This is a critical client partner role demonstrating leadership, strategic direction, accountability, business acumen and vision for their clients. The ideal candidate has healthcare B2B Marketing and Communications experience and a passion for delivering quality work that helps our clients grow. The Account Director is skilled in the full range of Marketing and Communications strategies and tactics with a strong focus on developing and executing compelling integrated campaigns for clients. We're looking for a strategic thinker who understands marketing communication's role and impact and who has demonstrated experience in the development and execution of integrated engagements.

Responsibilities

- Serve as the day-to-day client contact for multiple brands
- Own responsibilities for executional leadership of multiple client programs, budgets, timeline and plans
- Assist in the development of long-term client plans and strategic Marketing Communications program recommendations in the healthcare technology, services and provider sectors, developing budgets, generating recommendations and creating presentations
- Drive development of tactical plans, translating strategies into tactics; ensure team deliverables align with strategies
- Proactively support and suggest improvements to exceed client expectations by leveraging industry knowledge and experience
- Assist with management of ongoing team resourcing/staffing to ensure successful delivery of work product
- Build and own productive relationships with multiple client stakeholders, inter-agency teams, client business partner organizations and a diverse array of agency colleagues and vendor partners
- Represent agency points of view clearly in writing, formal presentations and informal client meetings and workshops
